

RESTAURANT OUR MENU CARD SECTION:

Prompt: Add Interactive Card Menu Image Slider on Home Page

On the Home Page of the Sri Vijaya Durga Restaurant website, replace the current single "Our Card Menu" image section with a professional image carousel/slider.

Requirements

Display all Card Menu images (7–9 images total) in a slideshow.

Show only one image at a time.

Automatically switch to the next image every 4 seconds.

Enable infinite looping:

After the last image, automatically return to the first image.

Continue cycling endlessly.

Navigation Controls

Add Previous (←) and Next (→) buttons on the left and right sides of the image.

Customers should be able to:

Click Previous to view the earlier menu page.

Click Next to view the next menu page.

Manual navigation should not stop autoplay.

After a user clicks a navigation button, autoplay should continue normally.

Mobile & Desktop Optimization

Fully responsive on:

Mobile phones

Tablets

Laptops

Desktop screens

Images must:

Maintain aspect ratio.

Not appear stretched or cropped excessively.

Load clearly and sharply.

User Experience

Add small indicator dots below the slider:

One dot for each menu image.

Highlight the currently active image.

Clicking a dot should jump directly to that image.

Add smooth slide transition animations.

Ensure transitions are fast, smooth, and professional.

Performance

Optimize image loading for speed.

Use lazy loading where appropriate.

Prevent layout shifting while images load.

Ensure the slider works reliably on all modern browsers.

Accessibility

Navigation buttons must be easily clickable on mobile devices.

Add proper alt text support for menu images.

Support swipe gestures on mobile devices:

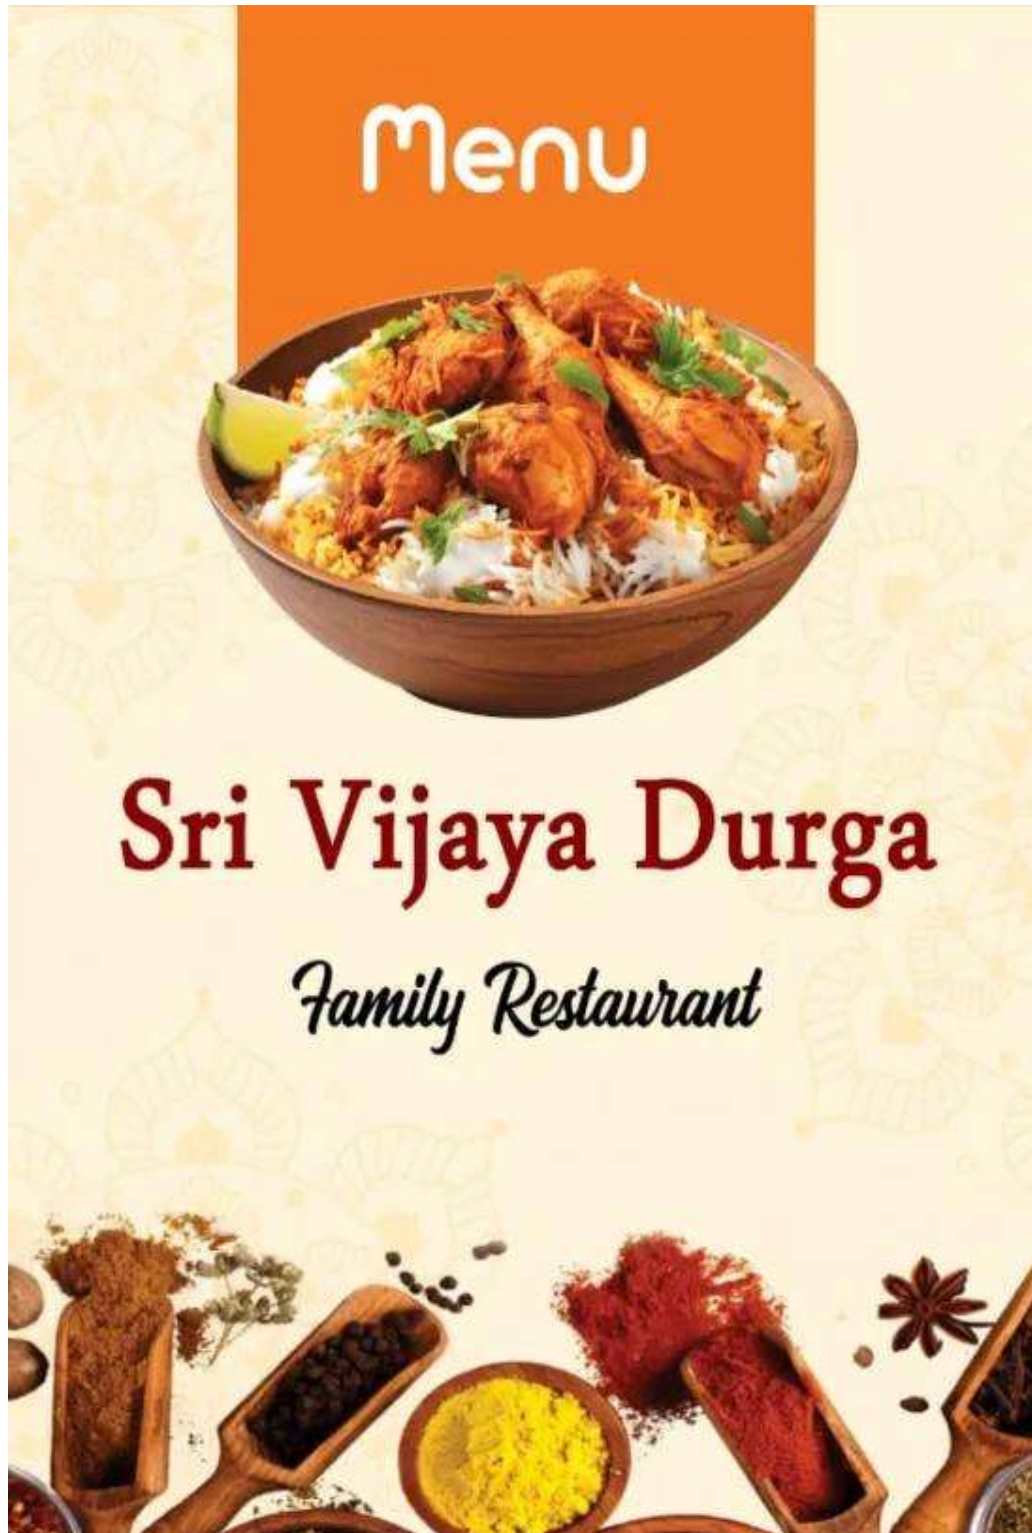

Swipe left → Next image.

Swipe right → Previous image.

Final Goal

Create a modern, restaurant-style menu gallery where customers can browse all Card Menu pages easily through automatic sliding, navigation arrows, indicator dots, and mobile swipe support while maintaining excellent performance and responsiveness.
